SITUATION SUMMARY

Cal OES Activation Status

| State Operations Center | Inland Region EOC | Coastal Region EOC | Southern Region EOC |
|--------------------------------|--------------------------|---------------------------|----------------------------|
| Level 1 | Level 1 | Level 1 | Level 1 |

California Winter Storms

A dry, cold air mass will settle over tonight and last through Monday morning. Clearing skies and warmer days are expected over the weekend, but overnight temperatures will be very cold. These low temperatures are not expected to break any records. Saturday morning is expected to be the coldest although the rest of the overnight temperatures through the weekend will only be a few degrees warmer. Southern California will experience strong winds along with lingering snow showers with rapidly lowering snow levels tonight to the northern mountain slopes of Santa Barbara, Ventura and Los Angeles Counties, as well as the Cuyama Valley. Winds will gradually diminish tonight.

- An Incident has been created in Cal EOC for this event: 2016 December Statewide Storms

Significant Watches/Warnings

Despite the storms moving out of California, flood warnings remain in effect due to the recent rain's impact to local river systems.

Flood Warnings remain in effect for 2 counties in California:

- Counties are: Butte and Glenn

State/Federal Agencies

- The Department of Water Resources Flood Operations Center (FOC) will remain on regular staffing patterns utilizing duty officer notifications after hours.
- The California Nevada River Forecast Center (CNRFC) will no longer staff 24 hours.

Missions

- Los Angeles County: LA County OEM has requested the use of 3 California National Guard (CNG) Armories for the homeless.
 - Pomona Armory – 600 S. Park Avenue, Pomona
 - West Los Angeles Armory – 1300 Federal Avenue, Los Angeles
 - Sylmar Armory – 12860 Arroyo Street (Foothill Blvd.), Sylmar
- Mission Tasking #2016-Southern-28876.
- Per the Cal OES Southern Duty Officer (SDO), the armories will be closing tomorrow, 12/17/16m, at 0800 hours

SITUATION SUMMARY

Cal OES Coastal

Gertrude Fire, Richmond, Contra Costa County

On 12/16/16 0832 hours, the Cal OES Coastal Duty Officer (CDO) notified the California State Warning Center (CSWC) of a large car junkyard fire in Richmond, Contra Costa County.

- Per the Cal OES CDO:
 - There was no requests for state assistance.
 - Per Contra Costa County Health at 1043 hours, a shelter in place order has been lifted.
 - Initially a Public Health Advisory was issued to shelter in place.
 - Two schools were under a shelter in place: Verde Elementary and Downer Elementary.
 - 5,246 reverse 911 calls were made for people who registered for the alerts (homes & businesses) to shelter in place.
 - At 1319 hours the CDO advised that Richmond Parkway re-opened.
- Per the Cal OES Fire Duty Officer (FDO):
 - There were no requests for Mutual Aid.
 - The Contra Costa Emergency Communications Center (ECC), Contra Costa Fire Department, and Richmond Fire Department was a first alarm assignment.
 - The FDO advised that he cannot confirm that the fire is contained, but it is was not out.
 - This incident will have a long mop up phase with residual smoke.

SITUATION SUMMARY

Cal OES Coastal

Pudding Creek Dam, Fort Bragg, Mendocino County

On 12/16/16 1246 hours, the Cal OES Coastal Duty Officer (CDO) notified the California State Warning Center (CSWC) of a potential issue that may impact some citizens of Fort Bragg's drinking water due to damage of nearby dam. The dam is privately owned by Georgia Pacific and they are aware of the issue.

- Mendocino Emergency Management advises:
 - The damage to the dam is due to water overflowing.
 - Pudding Creek Dam is located right before the ocean.
 - There no residents or businesses near the dam.
 - The concern is a 10 inch water pipe running on top of the dam.
 - The impacts will be:
 - Water service north of Pudding Creek would be lost to about five motels affecting approximately 150-180 rooms.
 - A trailer park (with approximately 69 units, approximately 150 people).
 - The Caltrans' Fort Bragg maintenance facility
 - Mendocino EM confirmed that the only things downstream from the dam are the Highway 1 bridge, a trestle pedestrian bridge, and the beach at the mouth of the creek and ocean. State Parks has closed the beach below the dam.
- Per the Cal OES CDO:
 - There are no requests for state assistance at this time.
 - At this time it is unknown what damage has occurred to the bridge or how stable it is.
 - The city is more concerned with the drinking water issue than the dam failure at this point.
- Per the Cal OES Fire Duty Officer (FDO):
 - According to the Fort Bragg Fire Department, this would not cause any firefighting issues within their jurisdiction
- The Flood Operation Center (FOC) was notified at 1307 hours and advised:
 - This is the first time they were contacted regarding this issue.
 - Will work with Department of Safety of Dams (DSOD) and gather further information and will advise their plan of action.
- Cal OES Mitigation contacted the CSWC and advised that this is a privately owned dam and that the pond is very small.
 - Also advised that he has spoke with both DSOD and FOC regarding this issue.
 - He will contact us when he locates the dam and find out further information for a briefing if needed.

RIVER FORECAST

Cal OES Coastal Region

River Forecast - The following rivers are forecast to meet or exceed monitor stage:

- Humboldt County: Eel River at Fernbridge

Cal OES Inland Region

River Forecast - The following rivers are forecast to meet or exceed Flood stage:

Tehama County:

Glenn County:

- Sacramento River at Ord Ferry
 - Potential Impacts: Designated flood stage. Design overflow level for M&T, 3BS and Goose Lake Flood Control facilities to divert flood flows into Butte Basin. M&T overflows closing River Road from Ord Ferry Road to Chico River Road. Ord Ferry Road is already closed.

River Forecast - The following rivers are forecast to meet or exceed Monitor stage:

- Tehama County: [Sacramento River at Vina Woodson Bridge](#), [Sacramento River at Tehama Bridge](#)
- Glenn County: [Sacramento River at Hamilton City](#)
- Yuba County: [Yuba River at Marysville](#)
- Colusa County: [Sacramento River at Colusa Bridge](#), [Sacramento River at Moulton Weir](#), [Sacramento River at Colusa Weir](#)
- Sutter County: [Sacramento River at Tisdale Weir](#), [Sacramento River at Fremont Weir](#)
- Sacramento County: [Cosumnes River at Michigan Bar](#), [Cosumnes River at McConnell](#), [Sacramento River at I Street](#)

WEATHER OF CONCERN

Weather of Concern

- Freeze Watches and Warnings are in effect for large portions of Northern, Central and Southern California.
 - Areas affected are the North Coast, Sacramento and San Joaquin Valleys, San Francisco and Monterey Bay Areas, and South Coast to Los Angeles County
- High Wind warnings and wind advisories have been issued for Southeastern California.

Active Weather Warnings, Watches and Advisories by County:

http://www.wrh.noaa.gov/sto/brief/wwwa_bc_cal.php

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

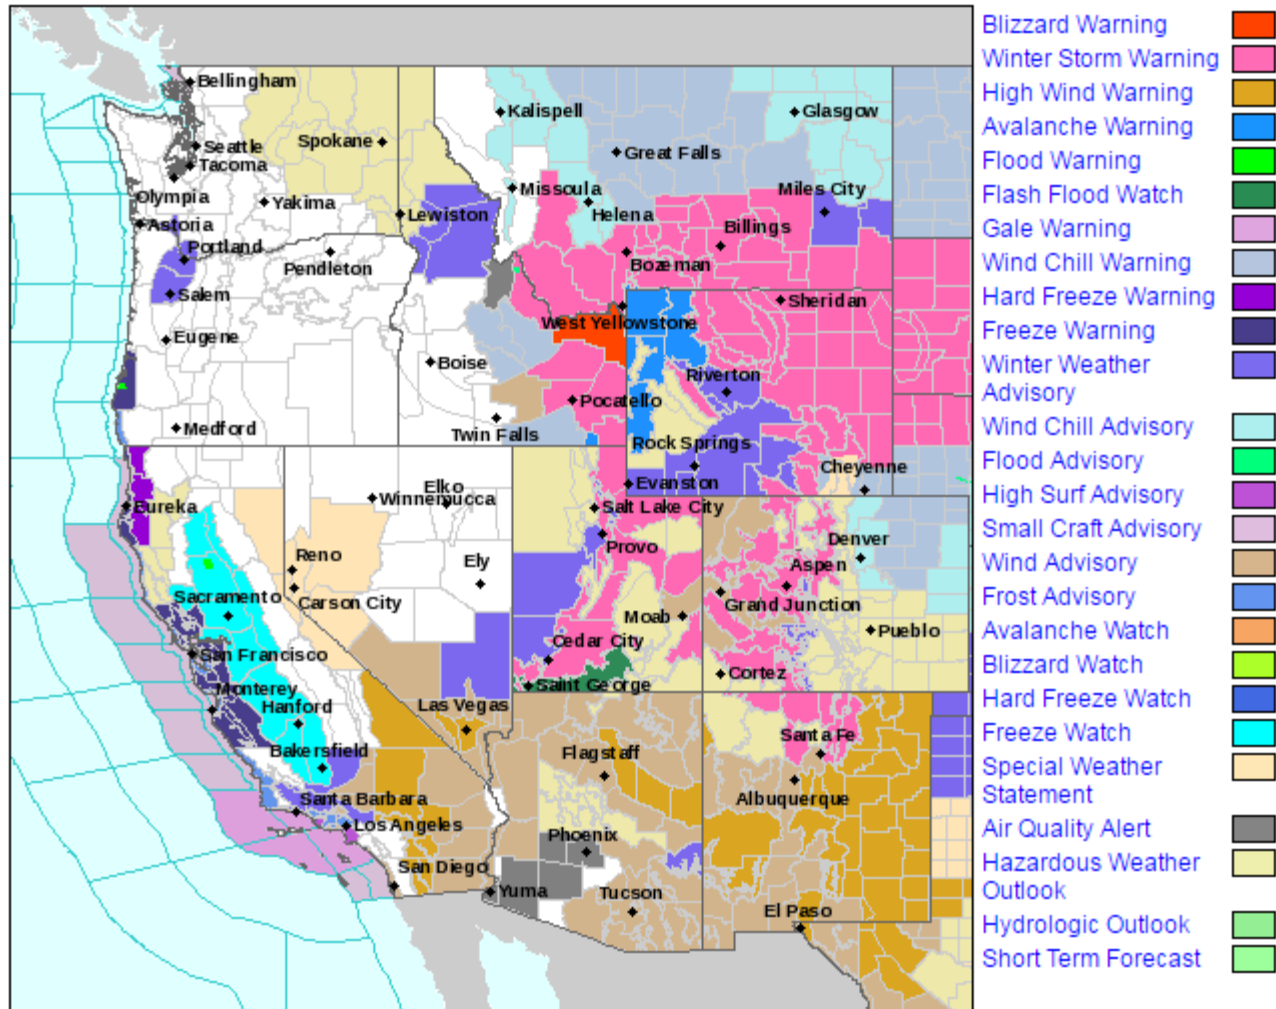

A few light showers will still be possible in the mountains today, with snow levels near 2500-4000 feet. The general pattern for the region is for drier weather with a gradual warming trend until Tuesday. At the surface a Northwest-Northeast wind pattern will develop and provide some additional drying in wind-prone areas from the western Sierra slopes to the coastal range. The peak gusts will reach 25-30 mph Saturday and Sunday mornings. In some low spots, however, strong inversions will develop and conditions will remain cool and stable with diminishing air quality. Patchy fog will be common in these areas as well. By Tuesday afternoon the next weak Pacific frontal system will reach far Northwest California with light to moderate rain. The system will quickly sweep across the northern end of the region with light precipitation Tuesday night. Snow levels will be 4000-5000 feet. Another system will arrive early Thursday with heavier precipitation.

SOUTHERN CALIFORNIA

Most of the heavy rain associated with the current storm has moved south and east of the area early this morning. However, scattered showers can be expected to continue through the day, especially along the north slopes of the Angeles and San Bernardino Nation Forests. as well as the Kern County Mountains. Rainfall totals over the last 24 hours range from 2-4 inches along the central coast, 3-5" in the Sierras below 8,000 feet and 2-3" across south-facing slopes in the region. Local amounts of over 7" of rain fell in the Sierra Foothills, with over 5" in a few coastal areas of Monterey County. Additional rainfall today will be under a quarter of an inch over most areas. Colder air will filter into the area which will cause the snow level to fall steadily through the day. By this afternoon, snow may fall as low as 5,000 feet before falling briefly to 3,000 feet tonight. Most of the precipitation will have ended after this evening, but few north-slope snow showers may impede travel over the Grapevine and Cajon Pass. Winds will quickly turn to the north today, increasing to 20-30 mph with gusts to 50 mph across the desert. Expect winds to slowly weaken Saturday. This weekend, sunny and drier weather will return as high pressure builds along the coast. Light northeast winds of 10-20 mph can be expected Sunday through Tuesday morning. Expect temperatures to remain 5-10 degrees below normal this weekend, but by next Tuesday and Wednesday, highs will climb into the 50s in the mountains to the lower 70s across the region. A slight cooling trend may develop late next week. A cutoff low may bring gusty winds and light precipitation to the Sierras and deserts next Saturday and Sunday.

CAL OES LAW ENFORCEMENT MISSIONS

Cal OES Law Missions

2016-LAW-28907, 12/15/2016, 1000 hours, Mendocino County Sheriff requested thirty Type II SAR personnel, trailing dogs and ATVs to assist in the search for 61 year old female missing since 12/14/16 at 1300 hours. The victim had been gathering wild mushrooms in the area of Albion Ca. An immediate response was requested because of an approaching storm. Lake, Marin, Napa, Colusa, and Sonoma Counties were contacted for resources. The subject was located about 1215 hours. She was found alive but in need of medical attention. Lake County and Marin County were already in route. Mutual Aid response cancelled . **Mission Closed.**

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2016-Coastal-26477:** Cal Recycle debris removal assistance requested for the Clayton Fire in Lake County; on scene through Mid-December. **Mission Ongoing.**
- **2016-Coastal-26412:** DTSC clean up assistance requested for the Clayton Fire in Lake County; on scene through Mid-December. **Mission Ongoing.**
- **2016-Southern-25043:** California Department of Public Health to conduct housing and food inspections for detention facilities through 12/31/16. **Mission Ongoing.**
